General Stoessel admits that Port Arthur's days are numbered

RELIEF MUST COME SOON

Kuropatkin continues on the offensive without opposition from the Japanese. The Baltic Fleet.

KUROPATKIN ADVANCES.

St. Petersburg, October 11th.—All that is positively known from the front is that Gen. Kuropatkin is marching resolutely against the enemy to do or die. Field Marshal Oyama at the first sign of the Russians taking the offensive began drawing in his line and concentrating upon fortified positions north of Liao Yang.

A BATTLE EXPECTED SHORTLY.

Little light has been thrown upon the considerations which led Kuropatkin suddenly to assume the offensive. The advance is attributed to a realization of the difficulty the Japs were encountering in making good their losses at Liao Yang and replenishing their supplies and ammunitions. Considerable stress is laid upon the moral effect this will have upon the Japs. Kuropatkin, though advancing has not met with any formidable opposition. Expectation is that a battle will be fought in a few days.

St. Petersburg, October 11th.—The moral effect of the advance of the Russians upon the Chinese is great. The Japanese have never been at Mukden, even in the Japanese-Chinese war. Mukden is the sacred city of the dead of the Chinese.

STOESSEL CANNOT HOLD OUT LONG.

London, October 11th.—The Morning Post's Shanghai correspondent says it is stated that Gen. Stoessel has reported that unless he is relieved before December he must surrender.

BALTIC FLEET STILL IN EUROPE.

St. Petersburg, October 11th.—After the farewell review of the Baltic fleet at Revel to-day by Emperor Nicholas it was started for Liba whence it is declared it will within a few days weigh anchor for the long voyage to the Pacific.

TERRIBLE TRAIN ACCIDENT

Passenger Train Loaded with excursionists Collides with a Freight. Twenty-seven persons were killed, Twenty of them instantly.

Bulletin Special Dispatch.
Warrensburg, October 11.—A passenger train consisting of pullman, caboose, loaded with World's Fair excursionists from south-eastern Kansas and south-western Missouri,

collided with a west-bound freight last night. Twenty-seven persons have been taken out dead. Twenty were killed outright. The other seven died soon after.

SHOOTING ACCIDENT

Dr. Harrison, of Edmonton, was summoned to Hastings lake early this morning to attend to a man suffering from the effects of a shooting accident. The doctor left immediately without stating any particulars of the accident.

Dr. Harrison later telephoned to the city stating that a man named Orr had been the victim of an accidental shooting accident, and that his arm was almost shot from his body. He did not state how the accident happened.

KING'S EVIDENCE

The Robert Buchanan Stock Company appeared in Robertson's Hall last evening, opening a week's engagement here. King's Evidence was the play, and the audience were kept in continued laughter. Mr. Robert Buchanan took the leading part of the Jew, Solomon, Isaac, and took it to great advantage, keeping the fun going by his characteristic remarks, and sideways. Most of the other characters took their parts well. The specialties were mercifully few in number.

The company present the Deputy Sheriff in Robertson's Hall this evening.

PEMBINA

The settlement about the Pembina river continues to boom, and already there are shacks in sight in every direction. James' and Peter Kegan's, John and Frank O'Donely's, Tom Sheppard's, John Sheppard's, Kels. Sheppard's, Wm. Ramsay's, Messrs. Hale and Aiker's, J. S. Mills, and F. T. Denison's, and on the other side one building, Rev. R. Telford Wm. Newton and Wm. Carey.

Many cattle, horses and sheep are being brought in, besides farm implements of all kinds, so that everything will be hustling in the spring.

The colonization road to the Pembina District is being set in order with bridges and corduroy, under the supervision of Ely Majors.

To-day being the treaty day on the Alexander Indian Reserve, active proceedings are going on. The evoking department is overseen by Major Satten. We notice that the cattle are in fine shape, and in fact everything testifies to the able management of Mr. Bard.

On Sunday, October 2, divine service was held at Mr. Sheppard's, but owing to the rains and the bad state of the trails the attendance was small. Mr. Cox Methodist missionary, delivered a very able and impressive sermon. Mr. Cox was unfortunately enough to lose his way a few days ago and was for three days getting his bearings again, at last striking home with an improved appetite.

Large herds of cattle and some horses, are going into Onion Prairie and most of the land is taken up now by settlers.

Beavers seem to be plentiful on the Pembina this fall, twelve having been killed within the last six weeks.

Messrs. Henderson and Dunlop, merchants, will soon put in a large stock of general merchandise, and will conduct a large trading store, with Joe Brewster as manager. Mr. Brewster speaks Cree fluently, and is otherwise competent for the work, having several years' experience to his credit.

A small party of immigrants passed through the Pembina district not

long since, heading for the country around McLeod river.

The country in the vicinity of Long lake 58-2-5, is attracting a good many settlers, and bears every indication of becoming a good farming country.

October 3.

Natural Gas

Medicine Hat Times:

Eugene Coste, M. E., of the Ecole Nationale Supérieure des Mines de Paris, president of the Canadian Mining Institute, was a visitor in town last week. Mr. Coste was shown over the gas system by Mr. Porter, and was exceedingly interested in what was being done. Our Mayor had a long talk with Mr. Coste, who made some valuable suggestions for the preservation of the gas in the wells. He also measured the gas pressure at the deep well. He took several measurements and figured out that the output of the deep well is 1,100,000 feet per day, or 15,000 feet per hour. He considered it was an excellent well. Mr. Coste is here in the interests of a company who are putting down gas and oil wells for the C. N. R., and he is of course gathering data which will be useful in that connection. He has recommended the council to put down another well, so as to have two deep wells, as this would give one to fall back on should any accident occur to one of them, and he asked to have samples of the drilling at every ten feet, and he will then inform the council as to the different geological formations through which the drill passes.

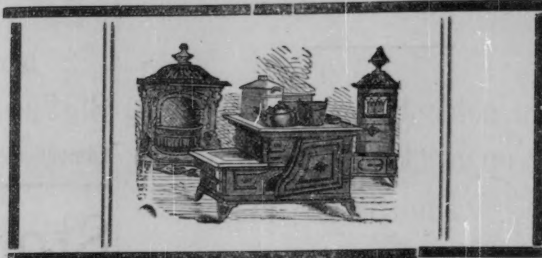

It is Mr. Coste's opinion that this well would not reduce below 350 pounds, even in winter. In the course of his experiments he found that after closing down the well made up to 100 pounds pressure in 57 seconds.

The council we may say expect the revenue from gas to reach about \$45,000 next year. This will put the town, so far as taxes are concerned, on an easy street, but to do this they must sell half the output of the new well.

Harvest Home Sale of Shoes

Shoes for every body are included in our Harvest Sale. Single pairs left over of the different lines are always the hardest to sell. There is nothing wrong with them, only they are in the way and we want the space they occupy for fall lines. We gain nothing by this sale.

You Reap The Benefit

Have a look at this lot, see if the kind you want and the size you wear is amongst them. We have them on our stands with the sizes and prices attached to each shoe. The prices are next to nothing but the shoes are just as good as the first pair that were sold.

Bulletin Special Dispatch, Ottawa, October 10.—The Railway Commission gave a decision today, making a substantial reduction in railway rates on fruit.

THE GREAT QUESTION

IS THE NEW RAILROAD

Shall we have Railroad Competition or go back to Canadian Pacific Railway monopoly

Bulletin Special Dispatch, Winnipeg, October 11.—Hon. F. H. Greenaway, D. W. Bole, Liberal candidate in Winnipeg, and Clifford Sifton, Minister of the Interior, spoke at a monster meeting held here last night. Sifton spoke of the tariff, and of the Grand Trunk Pacific railway, which he regarded as the greatest question of the day. He believed that the country was safe for the Laurier administration.

POLITICAL OUTLOOK

IN THE TERRITORIES

The Commissioner of Public Works considers eight Territorial seats safe for the Liberals

Bulletin Special Dispatch, Winnipeg, October 11.—G. H. V. Byles, Commissioner of Public Works in the Territorial Assembly, was here to-day regarding the expropriation of lands re C. P. R. surveys. He says the Liberals are sure of carrying eight seats in the Territories. Calgary he regards with even chances. He says the Saskatchewan Valley Land Company was the best thing in the history of the West. It increased the value of settlers' lands from four to fifteen dollars per acre.

THE WEATHER

Winnipeg, October 11.—The weather yesterday was mild and clear in Alberta, and mild and cloudy throughout Manitoba. The general outlook is for fair weather with high temperature in the West and comparatively cool weather in Manitoba.

STEAMER SIGHTED

IN A DISABLED CONDITION

Is believed to be the Cruiser Arctic which was sent to the Far North by the Canadian Government

Bulletin Special Dispatch, St. John's, Newfoundland, October 11.—Fishing vessels returning from the Labrador coast report having sighted a strange steamer which resembled a sealer, off Davis Inlet last Thursday. The steamer was evidently disabled. It is believed that she was the Canadian cruiser Arctic formerly the Gauss, bound for Hudson's Bay, and that her machinery was out of order.

The cruiser Arctic was despatched early this year by the Canadian Government to proceed to the north and make a number of Arctic landings for the British, and then attempt to reach the North Pole. She is commanded by Captain Bernier.

NIGHT SERVICE 127

LOCAL

—Train on time.

—The regular meeting of the city council will be held this evening.

—The Joshua Simpkins Company appear in the Skating Rink Theatre this evening.

—The Robert Buchanan Stock Company appear in Robertson's Hall this evening presenting the Deputy Sheriff.

Calvin Laird, of Spruce Grove, is in the city to-day. The crops in that district are turning out splendidly and business is taking on greatly increased prosperity.

—A meeting of the supporters of Frank Oliver, M.P., will be held in the Liberal committee rooms over the Great West Saddlery, this evening. There will be music and speeches.

—All the new electric light machinery has been received at the power house and is being rapidly installed. It is expected that the increased power will be turned on the electric light system by next Monday evening if not earlier.

—Donald Irwin left to-day for Lloydminster with two scow loads of furniture and effects. He has leased the Lloydminster Hotel and takes possession immediately. Mr. and Mrs. Irwin and family accompany the scows, which are in charge of Albert Tait.

—The regular meeting of the Women's Christian Temperance Union will be held in the lecture room of the McDougall Methodist church, on Wednesday, to-morrow, at 3.30 o'clock. Members are requested to hear the report of the Delegates from the convention.

—The list of the W. C. T. U. Territorial officials are, president, Mrs. Craig Olds; vice-president, Mrs. Bul-yea, Regina; recording secretary, Mrs. McKinney, Claresholm; corresponding secretary, Mrs. Sharpe, Wetaskiwin; treasurer, Mrs. Bellamy; secretary, Mrs. Powell, Gravelly.

—The organization meeting of the Wetaskiwin Curling Club was held last Friday evening. The following officers were elected for the ensuing year: President, W. Carruthers; vice president, A. R. Dickson; secretary, G. B. Henwood; treasurer, R. J. Dinning; executive committee, Messrs. Fowler, Gayfer and Dr. R. Bertson.

—Prince Albert Advocate.—The H. B. Co.'s steamer "Saskatchewan," having finished operations for the season, will be hauled out for the winter a little below the Telford Lumber Co.'s saw mills. The steamer "Alberta" is now on her last trip of the season to up river points. She is expected back this week, to be put into winter quarters.

—The coal mines and coke ovens at Blairmore, on which large sums of money have been spent by capitalists of Paris, France, have been closed down and all work stopped in obedience to pre-emptory orders from Paris. No reason can be feared but rumor is rife to the effect that there is a serious misunderstanding between the owners and the manager, J. J. Fleuret, who has recently returned from Europe.

—Albertan, October 8.—John Aldridge, of Toronto, Past Supreme Grand President of the Sons of England, is expected to arrive in Calgary on Sunday week. On Monday he will go up to Edmonton, returning to Calgary on Tuesday night. Mr. Aldridge, who is a well known business man in Toronto, will be banquetted by the Sons of England in their lodge rooms in the Maclean block.

—Application has been made to the Legislative Assembly for the Northwest Territories by the "Order of St. Benedict" for an act incorporating the order in the Northwest Territories and also giving them power to establish a college in connection with their monastery, and to give to the college power to grant degrees and the name and style of St. Peter's University. They also ask such other powers as will be incorporated in a bill to be presented.

MEETING AT NAMAQ

A public meeting was held in Namaq school house on Saturday night at which Mr. Oliver addressed a large number of the voters of the district on the issues of the day. Geo. H. Long was chairman. The speaker dealt chiefly with the transcontinental railway proposals. The meeting closed with a vote of confidence in Mr. Oliver.

RED DEER

The work of the Western Electric Company, both at the power house on the south bank of the river, and in nearly all the streets where they are erecting electric light and telephone poles, is being rushed along rapidly so that by November the streets will be lighted with arc lights. The company will also install, as soon as possible about one hundred phones for a start, and as the prices are reasonable, it is altogether likely that they will before long control the telephone business here.

In spite of the dull season there are quite a number of buildings in the course of erection.

Wm. Springbett, dealer in hay and potatoes, is doing a large business, having received orders already for over fifteen cars of potatoes, and also earlier in the season he received some orders for cars of hay.

The Western Electric Company are erecting a very neat, two storey solid brick building on the corner of Gaetz avenue and Main street, for use as their telephone central.

H. H. Gaetz, one of our leading citizens, and chairman of the town fire and light committee, visited Vancouver this week in connection with the purchasing of the water-works materials.

Mayor Miehener is starting to erect on the site of the former Merchants' Bank which was recently burnt, a solid brick building, two storeys high, and about 30 feet by 50 feet, for the use of the Merchants' Bank.

P. D. McDonald, of Edmonton, is a busy man these days installing electric light wires in a large number of the business places in town.

The C. P. R. yards are blocked nearly every day with freight and passenger trains. A great amount of work is done here as a great many trains turn here. The company this fall have been turning a freight train from Calgary every evening, and it is only a matter of a few months before Red Deer will probably be a divisional point, as the good water, the coal sheds, and the goodness of the town will in itself be of the greatest advantages to the company in placing their yards here.

The contract for the installation of the waterworks system, including a basin, 40 feet by 50 feet, in the Red Deer river, and the laying of pipes from there to the pumping station and water mains up to the chief business sections of the town, was awarded to Mr. H. Ramsay, of Calgary, for \$2,900. The pipes to be used will be the iron bound wooden pipes. This contract does not include a large amount of pipe to be laid in the spring.

SPLENDID POTATOES

Last April, J. A. McPherson, of Struce Grove, received from the Central experimental farm, Ottawa, a 1 pound package of Early White Prize Potatoes, which were planted on May 10 on a piece of land which had been growing potatoes for several years past, and which has had no manure. The potatoes were cut so as to leave but one eye to each set, and were planted one set to a hill. The hills were from two and a half to three feet apart. The crop was harvested on September 26, and yielded six hundred and eighty-five pounds of a good quality of potatoes. The products of two hills were weighed separately, and each hill contained seven potatoes. The one lot weighed ten pounds, and the other ten and a half pounds. What appeared the largest potato from the lot weighed two pounds and two ounces.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clause 2, 3, or 4, must or substitute 20 head of cattle, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres sub-tenanted.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1880.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

The nights have become quite cold lately, and the farmers are gathering in their vegetables.

Farmers have most of their grain stacked.

This district was well represented at the Vegreville Fair on Friday, September 30.

The Warwick baseball boys were disappointed at not having a game of ball at the Vegreville Fair.

Messrs. D. McCollman and Norman Worth left for Edmonton Saturday morning.

Several of our neighbors have left for the railway camps east of Vegreville.

Sweet melodies of various kinds are heard in the neighborhood since the practising for the coming concert has begun.

J. E. Mahaffy will commence the erection of a commodious residence soon.

J. Whaley and Sons have returned from Wetaskiwin to live on his farm near Wat's Lake.

Messrs. Smith and Hogman are expected home soon with their threshing outfit.

Our baseball boys expect to get the trophy for the championship of the Vermillion Valley to no other team appeared at the fair to contest their claims.

L. A. Whitney returned from Stratford on Thursday. He was accompanied by Miss Florence Whitney Mrs. Hill and little daughter and Mrs. Cunningham.

Mr. Frank Kitto, of the Edmonton Bulletin, has been visiting his brother Stewart for the last week.

Too Much Lost Time

Farmers' Advocate:

If the rainy weather during the harvest season of the present year has not taught any other lesson, it ought to be clear, at least, that it was the cause of a great deal of lost time on hundreds of farms in this country. The crop was late in ripening, and the harvest has been even later. In the ordinary routine of farm work this means only a limited period for plowing after the crops are cleared from the fields, and with little plowing done in the fall the chances are against an early seeding the following spring. Each year brings its own lesson that the early crop is the best. How, then, is the difficulty to be remedied? Does it not appear that more plowing ought to be done even before the stocks have been removed? There should be practically no difficulty in having the staking done in such a way that plowing could proceed without any difficulty on wet days during harvest time. A few farmers throughout the country already follow this system to some extent, and there is no reason why it should not be more generally adopted. Moreover, one of the greatest benefits which is derived from plowing very early is in the destruction of weeds. When the soil is stirred before the warm days have passed, and when it is comparatively moist, many weed seeds germinate, and not having time to grow a plant and pro-

duce seed before frost comes, they are destroyed. In many cases this method has given much better results in weed destruction than the bare summer fallow.

ABSOLUTELY UNSHRINKABLE

We Guarantee It.

Every garment, bearing the Stanfield label—no matter what its price—is absolutely unshrinkable. We guarantee it, and back up that guarantee with "money back if it shrinks."

Stanfield's Unshrinkable Underwear

Fits like new skin—fits every part of the body—is warm, snug, and comfortable. Made of the famous Nova Scotia wool—in all weights to suit all temperatures from Halifax to the Klondyke.

Insist that your dealer gives you Stanfield's—the Underwear that will not shrink.
